VOL. XX.—NO. 5988. PORTLAND, OREGON: THURSDAY, JUNE 3, 1880. PRICE—TEN CENTS.

Whereabouts of the Ute Indians.

DENVER, Col., June 2.—Gov. Pitkin to-day received a telegram from Gen. Pope saying that he discredits the report that Indians are now in North Park, as he has information from Los Pinos agency that the White river Utes are there attending races at Ouray's farm, and that Ouray denies that any of the Indians are in North Park or have molested the whites.

All Quiet at Los Pinos.

LOS PINOS AGENCY, June 1.—Gen. McKenzie and command have just arrived. The Indians are quiet, as Ouray has assured them that the troops are here to protect all parties. The road to the Gunnison country continues open, and it is reported to be on the increase. Chief Ouray has worked hard to perform his part and has succeeded in harmonizing the discontent which existed on his return from Washington.

Tragic Affair in Texas.

DALLAS, June 2.—A desperate attempt at robbery occurred near Clear Lake, Collins county. A farmer named Bradley left $600, received for cattle, with his wife, for safe keeping. A stranger, asking to stay all night, was given a pallet in the hall. At midnight she saw two men, supposed belonging to the family, enter, and hearing cries of murder, looked through the blinds and saw the woman in bed with her throat cut. Snatching a six-shooter the stranger sprang towards the door and fired, killing both parties. Mounting a horse he rode to the nearest neighbor, and accompanied by a party returned. Mrs. Bradley and both robbers were dead, one of whom was shot through the heart and the other through the head. The robbers proved to be Mrs. Brnett and daughter, the former sixty years old, and owner of considerable property and an inheritance of $17,000.

A Strike of Iron Workers.

LOUISVILLE, June 2.—About seventy puddlers struck to-day, throwing out of employment about 400 other laborers. The men refuse for an easy adjustment of the difficulty as per Scorgie, as the proprietors of rolling mills, rather than continue at existing rates, would prefer to remain closed all summer.

The Leadville Strike Continues.

LEADVILLE, June 1.—This morning as Deputy Sheriff Parsons was endeavoring to pacify a crowd of strikers who were bulldozing miners on their way to work, he was assaulted by strikers one of whom drew a revolver and refused to put it away when Parsons fired several shots, wounding one seriously and two others slightly. When the sheriff arrived the disturbers were arrested. Parsons was put in jail for safety, as threats of lynching were freely made by strikers. Mooney, president of the strikers, was present and did much toward preserving order. It is rumored that he is to be superseded. The strike is not so nearly ended as supposed.

The situation to-day is the most precarious since the strike began. Where a thousand applied for work yesterday there was not twenty to-day. Chrysolite and Little Chief are the only mines being worked, and their managers are strengthening fortifications. Each engineer is armed.

MONTGOMERY, June 2.—The democratic state convention has renominated former state officers.

The Christiancy Scandal.

WASHINGTON, June 1.—In the Christiancy divorce case to-day Judge Hagner allowed the defendant, Mrs. Christiancy, $150 per month and counsel fees $300, commencing May 1st. Plaintiff's counsel is debating the propriety of dismissing the bill for divorce rather than abide by this decision.

Report on the Negro Exodus.

WASHINGTON, June 1.—Senator Vance, in behalf of the majority of the exodus committee, submitted a report stating that much of the evidence given was of such character as would not be received in a court of justice. The report says that the testimony proves that the exodus was induced largely by northern politicians and by negro leaders in their employ and in the employ of railroad lines. The condition of negroes is not generally changed regarding political outrages, which have been the staple complaint for many years against the people of the south. Diligent inquiry fails to develop anything new confirming old stories about violence and outrage upon negroes, most of the testimony being hearsay. While the committee admit that extortion was practiced by merchants upon negroes, they assert that the same is not general.

Confirmation.

WASHINGTON, June 2.—The senate has confirmed Horace Maynard as postmaster general.

LEGISLATIVE MATTERS.

The Appropriation Bills—Personnel, Etc.

SPECIAL TO THE OREGONIAN.]

WASHINGTON, June 2.—The river and harbor appropriation bill passed the senate to-day without any change to Pacific Coast items heretofore reported.

Representative Page offered an amendment to the general deficiency bill in committee of the whole to-day to appropriate $7,000 for the payment of California deputy marshals. It was rejected by a vote of 60 against 54. By unanimous consent, on a point that there was no quorum, Page obtained an order that a vote by yeas and nays shall be taken upon the amendment in the house.

Davis at the instance of the Bunker Hill association of California has, to-day, procured an order from the secretary of war directing that a federal salute be fired on the 15th inst., from all forts in San Francisco harbor.

Senator Booth left Washington for Annapolis this morning under appointment of the president as one of the congressional visitors to the annual reception and graduation exercises of the naval academy.

The post office appropriation bill will not be brought up in the house for action on account of the pressure of other business, and it is said will have been disposed of and passed by not before next week. Blackburn, who is most in charge being desirous that the important civil service amendments shall be voted on by a full house.

Spirited Colloquy between Conkling and Frye.

BLAINE'S CHANCES BRIGHTENING, Etc., Etc., Etc.

SPECIAL DISPATCHES TO THE OREGONIAN.]

At five minutes after 1 the chairman of the national republican committee called the convention to order, and called on Rev. Dr. Kittredge of Chicago, who opened the proceedings with prayer. At the request of Cameron, Secretary Keogh read the call for the convention. Cameron briefly ordered the convention, referring to the bitterness which he hoped would now disappear in the desire and determination to put in nomination for president the strongest candidate, and one who would command the respect of the civilized world. He counseled harmonious and united action, and in conclusion announced that he had been requested by the national committee to put in nomination for temporary chairman Hon. George F. Hoar of Massachusetts. The nomination was unanimously ratified.

Davis of Texas, Frye of Maine, and Rusk of Illinois, were appointed a committee to conduct Hoar to the chair.

Hoar on taking the platform addressed the convention at some length. The function of the convention (wisely, said was that of naming the man whom the people would make president. A reference to the nomination of Lincoln twenty years ago was greeted with applause. Lincoln had gone to rest, but his associate on the ticket, Hamlin, was here to-day in full figure, still discharging as he felt it his duty to the country and party. He reviewed briefly the history of the late war its political incidents and consequences, and referred to the policy of the democratic party in that connection. That party he claimed, was to-day actuated by the old rebel spirit, and north south, east and west, was the party of fraud and oppression. The following is Hoar's speech in full: Soldiers and citizens of the republic, but single and united in purpose, in temper of its character, and united in nothing else, proposing no other measure of policy than we act upon the safeguards which the nation has thrown around the purity of elections. It is nothing of evil or contempt that a free man should cast his vote under the protection of the nation. (Applause.) In Louisiana and Mississippi it was the accomplice of the white leagues and Ku Klux; in South Carolina it took the form of stuffed ballot box and stuffed tissue ballots in their place; in New York it issued fraudulent naturalization papers 60,000 in number; in Maine its substitute was put in jail for safety; as threats of lynching were freely made by strikers. Mooney, president of the strikers, was present and did much toward preserving order. It is rumored that he is to be superseded. The strike is not so nearly ended as supposed.

CONGRESSIONAL.

Senate.

WASHINGTON, June 2.

[illegible] presented a resolution instructing the committee on judiciary to inquire whether any [illegible] of the revised statutes, or an acquittal by a court martial, or the pardon of the president, is a bar to impeachment and punishment by the senate. Referred.

Hoar introduced a resolution providing that the [illegible] be printed in the RECORD, giving the names of the [illegible] and the number of votes cast for each. Agreed to.

Edmunds introduced a bill to amend section 3 of the act of March 3, 1875, relating to the removal of causes to the United States courts. Referred.

Morgan introduced a resolution declaring that the [illegible] of the United States in Central America, and the [illegible] of the United States, Consuls cannot exercise functions of a character equal to any exercised by consuls of other countries. Referred.

Exciting sections appeared to-morrow when the committees report but the Blaine men, while very firm, are apparently not calm. They are confident of their ability to defeat Edmunds, and seems to be little confidence in either Conkling man or Edmunds out door materials from the two leading candidates. There continues to be much leaning towards Washburne as a possible dark horse, and some more work in the same direction is doing for Garfield. The Edmunds men are counting the Washburne sentiment as suggesting the latter for the second place on the ticket with their own favorite. Fred Bullinger is to put Edmunds in nomination.

Committee Organization.

After adjournment of the convention the committee on credentials met and organized. Green E. Rusk of Illinois was chosen chairman of the committee Tracy of New York, and Wm. E. Chandler nominated Omer D. Conger of Michigan. Conger, on request of Cameron, Secretary Keogh read the men point to this as a significant vote, but the other side deny that it is indicative of the relative strength. The committee then took a recess until o'clock and is now in session at the chairman house.

The committee on resolutions elected as chairman Edward S. Pierrepont, after which they heard an address from a delegate from the woman's suffrage association now in session here.

Pacific Coast Representation on the Committees.

The following persons, from western states and territories, were appointed on the committee on credentials: California, Geo. F. Hark Raymond; Nevada, M. D. Foley; Arizona, R. C. McCormick; Dakota, Porter Warner; Idaho, L. L. Shoon; Montana, Henry M. Blake; New Mexico, Wm. Breeden; Washington territory, T. T. Minor; Wyoming, A. A. Carey.

On Permanent Organization—California, John Mansfield; Colorado, Jas. Belford; Nevada, R. Stoddard; Idaho, J. L. Haup; Montana, A. E. Fout; New Mexico, Wm. Breeden; Washington territory, T. T. Miner; Wyoming, W. A. Carey.

On Resolutions—Chairman of Boutwell; California, E. A. Davis; Colorado, M. M. Merner; Nevada, W. W. Sharp; Montana, Henry N. Blake; New Mexico, Wm. Breeden; Washington territory, Thos. H. Brents; Wyoming, M. C. Brown.

On Resolutions—California, D.S. Payne; Nevada, F. D. Edwards; Oregon, H. W. Scott; Arizona, J. S. Williams; Dakota, C. L. McEvoy; Idaho, J. W. Brown; Montana, A. E. Fisk; New Mexico, Wm. Breeden; Washington territory, Thos. H. Brents; Wyoming, M. C. Brown.

E. J. Northrup and Geo. H. Williams Put on the Oregon Delegation.

The committee on credentials to-night considered the Oregon case. Mitchell announced that he appeared as proxy for J. M. McNulta. No alternates were elected at the Oregon convention, and he therefore made two proofs, first that he voted at for McCall, and second that Edward S. Northrup be substituted for himself, provided that gentleman was so voted by the delegation from his state. Geo. H. Williams and Edward J. Northrup were authorized to act for those absent. The former was substituted for McCall and the latter for Hannah.

View of the Convention Hall.

The exhibition building in which the national republican convention is being held presents a scene of animation to-day. The platform occupies the south side, underneath being a section arranged for committeemen, guests, reporters and correspondents. The roof, aisles and all available points of the building are handsomely decorated. At the north end is a large picture of Abraham Lincoln in the center of a canvas strip bearing the motto: "The government of the people, by the people, and for the people shall not perish from the earth." At 12:30, delegates generally were in their seats.

Vice Presidents and Secretaries—Pacific Coast Represented.

The committee on permanent organization agreed on the following vice presidents: California, Lieut. Gov. Geo. Mansfield; Colorado, Lafayette Head; Nevada, C. C. Stevenson; Oregon, O. P. Thurman; Arizona, blank; Dakota, blank; Idaho, John L. Shoup; Montana, E. S. Fiske; New Mexico, blank; Utah, Presidy M. Denny; Washington territory, H. Brents; Wyoming, W. A. Carey.

Secretaries—California, John B. Sobern; Colorado, Geo. F. Clark; Illinois, Geo. M. Brenkerhoff; Nevada, J. G. Meigs; Oregon, D. C. Ireland; Arizona, blank; Dakota, blank; Idaho, J. W. Brown; Montana, H. N. Blake; New Mexico, Wm. Breeden; N. M. C. Silva; Washington territory, T. T. Minor; Wyoming, M. C. Brown.

Notes.

Rumor says that a canvass of the credentials committee shows that they stand two-thirds for admitting most of the anti-Grant contestants from Illinois.

Garfield's name when presented by the Ohio delegation was received with applause.

The only special significance of the Conkling-Frye colloquy was the enthusiastic applause which greeted Frye from both galleries and floor.

The Feeling at Washington.

The interest felt among republicans at the capital in the proceedings at Chicago is very intense to-day. Senators, Congressmen and others left the new York delegates at their meeting yesterday and his announcement that he will cast his vote of New York as a unit caused much comment. The agreement yesterday between the friends and opponents of Grant relative to the temporary organization of the convention is not regarded as according to the latter, but simply as a truce. There will probably break out afresh and with increased fury when the instructed delegations from Pennsylvania and Illinois come to the front. Pennsylvania and Illinois cast their votes. Blaine men here regard with some suspicion the selection by Grant men of Senator Hoar for temporary chairman of the convention, for Hoar is not friendly to Blaine. But on the whole they profess to be in excellent spirits with the outlook for to-morrow, and predict Blaine's nomination on the third or fourth ballot.

The Situation at 11 P. M.—The Grant Caucus.

CHICAGO, June 2.—At eleven o'clock to-night the situation is as follows: The committee on credentials is still in session, and promises to hold an all night session. They have thus far rendered but one case, which was that of Rapier (anti-Grant) from the fourth Alabama district. It was decided by a vote of 31 to 12 to report in favor of admitting Rapier. This was the only case so far decided. Several others, except that upon which Conger was made chairman, being 29 to 14. The committee briefly considered the cases of Smith and Warner, of Alabama (contested), but they decided to pass for the time. The Illinois case was taken up. Kirkham presenting this case will probably occupy the greater part of the session. The committee on permanent organization by a practically solid vote decided to continue the temporary officers as permanent. There was a general agreement that Judge Hoar will be the most satisfactory in last position to all parties.

There was a long meeting to-night of the Grant delegates and some other delegates, in all about 307. No definite information is received from them but the general impression is that they decided for Grant, and that the speeches were in favor of a strong support of that candidate. The Grant men to-night claim over 300 on the first ballot. It is believed that he will fall below 290. This estimate is based on the belief that most of the anti-Grant contestants will be admitted, and it is certain the committee on credentials will report in favor of the admission of the Illinois delegation. From conversations with members of that committee it is quite evident that the purpose is to take such action. This alone would give Grant over 300 on the first ballot. Edmunds' strength is growing slowly and his friends claim 60 to begin the 351 ballot for him.

It is reported, on good authority, that Chairman Cessna, of the Pennsylvania delegation, visited the Indiana headquarters, and not on his own responsibility but claiming to represent the most of his delegation, offered to turn the vote of Pennsylvania over in support of a ticket composed of Edmunds and Harrison. The Indiana delegation did not discuss the matter seriously, as there is said to object to the plan, Cessna's friends present so unproven front and claim that their candidate will receive over 100 votes in the first ballot, and when the break comes will be a second favorite.

The Kentucky delegation held a caucus to-day and reaffirmed the resolutions of the state convention which instructed them to vote as a unit. Mr. B. H. Bristow, of the delegation, states that notwithstanding this action four of the delegates will disregard the instructions.

Committee Work, etc.—The Grant Meeting.

CHICAGO, June 3, 1:30, A. M.—The committee on credentials has made a little progress but a section on the Illinois case. The committee on resolutions has settled its preambles in its hands which have been referred for report to improve matters. A sub committee consisting of Edwards Pierrepont and Henry Stern, Chicago; D.O. Payne, Ohio; Wm. Walter Phelps of New Jersey, and C. S. Cox of Mississippi, probably finished the work. The majority report of the committee on credentials and that thing action of the committee relative thereto will be ready to the convention to-morrow morning.

At Gen Sherman's headquarters to-night the following estimates are made of the delegates after the ninth ballot is abrogated: Grant, 297; Blaine, 285; Sherman, 70. The latter name has been quite frequently mentioned to-night as a possible compromise.

The Grant caucus to-night a short and rapid affair. It was reported that Roy had from 305 to 310 votes on the first ballot and that the second ballot would be Grant. Grant's friends are feeling well and it is claimed that there was no one of consequence performing the fact. It was claimed that Grant would receive 306 votes on the first ballot. Not more than three votes were cast against Grant on the first ballot. They need but seven votes more to nominate on the first ballot. Their own way they claim that they can get together through the first second and to the tenth ballot, if necessary, but not to yield. They would eventually carry out their opponents and would not be willing to accept a compromise. The Blaine men would come from other candidates, and then they would gain control. A committee of one from each state represented at the convention was appointed to visit the various state delegations and to get all reports to-morrow morning. At the close of the proceedings the following was somewhat hurriedly received from the committee:

Great Lake Fire.

DUNKIRK, June 2.—Warehouses containing flax seed and grain were burned yesterday; loss, 1,000,000 bushels.

CONGRESSIONAL.

Senate.

WASHINGTON, June 2.

[illegible] presented a resolution instructing the committee on judiciary to inquire whether any [illegible] of the revised statutes, or an acquittal by a court martial, or the pardon of the president, is a bar to impeachment and punishment by the senate. Referred.

Hoar introduced a resolution providing that the [illegible] be printed in the RECORD, giving the names of the [illegible] and the number of votes cast for each. Agreed to.

Edmunds introduced a bill to amend section 3 of the act of March 3, 1875, relating to the removal of causes to the United States courts. Referred.

Morgan introduced a resolution declaring that the [illegible] of the United States in Central America, and the [illegible] of the United States, Consuls cannot exercise functions of a character equal to any exercised by consuls of other countries. Referred.

Exciting sections appeared to-morrow when the committees report but the Blaine men, while very firm, are apparently not calm. They are confident of their ability to defeat Edmunds, and seems to be little confidence in either Conkling man or Edmunds out door materials from the two leading candidates. There continues to be much leaning towards Washburne as a possible dark horse, and some more work in the same direction is doing for Garfield. The Edmunds men are counting the Washburne sentiment as suggesting the latter for the second place on the ticket with their own favorite. Fred Bullinger is to put Edmunds in nomination.

Committee Organization.

After adjournment of the convention the committee on credentials met and organized. Green E. Rusk of Illinois was chosen chairman of the committee Tracy of New York, and Wm. E. Chandler nominated Omer D. Conger of Michigan. Conger, on request of Cameron, Secretary Keogh read the men point to this as a significant vote, but the other side deny that it is indicative of the relative strength. The committee then took a recess until o'clock and is now in session at the chairman house.

The committee on resolutions elected as chairman Edward S. Pierrepont, after which they heard an address from a delegate from the woman's suffrage association now in session here.

Pacific Coast Representation on the Committees.

The following persons, from western states and territories, were appointed on the committee on credentials: California, Geo. F. Hark Raymond; Nevada, M. D. Foley; Arizona, R. C. McCormick; Dakota, Porter Warner; Idaho, L. L. Shoon; Montana, Henry M. Blake; New Mexico, Wm. Breeden; Washington territory, T. T. Minor; Wyoming, A. A. Carey.

On Permanent Organization—California, John Mansfield; Colorado, Jas. Belford; Nevada, R. Stoddard; Idaho, J. L. Haup; Montana, A. E. Fout; New Mexico, Wm. Breeden; Washington territory, T. T. Miner; Wyoming, W. A. Carey.

On Resolutions—Chairman of Boutwell; California, E. A. Davis; Colorado, M. M. Merner; Nevada, W. W. Sharp; Montana, Henry N. Blake; New Mexico, Wm. Breeden; Washington territory, Thos. H. Brents; Wyoming, M. C. Brown.

On Resolutions—California, D.S. Payne; Nevada, F. D. Edwards; Oregon, H. W. Scott; Arizona, J. S. Williams; Dakota, C. L. McEvoy; Idaho, J. W. Brown; Montana, A. E. Fisk; New Mexico, Wm. Breeden; Washington territory, Thos. H. Brents; Wyoming, M. C. Brown.

E. J. Northrup and Geo. H. Williams Put on the Oregon Delegation.

The committee on credentials to-night considered the Oregon case. Mitchell announced that he appeared as proxy for J. M. McNulta. No alternates were elected at the Oregon convention, and he therefore made two proofs, first that he voted at for McCall, and second that Edward J. Northrup be substituted for himself, provided that gentleman was so voted by the delegation from his state. Geo. H. Williams and Edward J. Northrup were authorized to act for those absent. The former was substituted for McCall and the latter for Hannah.

View of the Convention Hall.

The exhibition building in which the national republican convention is being held presents a scene of animation to-day. The platform occupies the south side, underneath being a section arranged for committeemen, guests, reporters and correspondents. The roof, aisles and all available points of the building are handsomely decorated. At the north end is a large picture of Abraham Lincoln in the center of a canvas strip bearing the motto: "The government of the people, by the people, and for the people shall not perish from the earth." At 12:30, delegates generally were in their seats.

Vice Presidents and Secretaries—Pacific Coast Represented.

The committee on permanent organization agreed on the following vice presidents: California, Lieut. Gov. Geo. Mansfield; Colorado, Lafayette Head; Nevada, C. C. Stevenson; Oregon, O. P. Thurman; Arizona, blank; Dakota, blank; Idaho, John L. Shoup; Montana, E. S. Fiske; New Mexico, blank; Utah, Presidy M. Denny; Washington territory, H. Brents; Wyoming, W. A. Carey.

Secretaries—California, John B. Sobern; Colorado, Geo. F. Clark; Illinois, Geo. M. Brenkerhoff; Nevada, J. G. Meigs; Oregon, D. C. Ireland; Arizona, blank; Dakota, blank; Idaho, J. W. Brown; Montana, H. N. Blake; New Mexico, Wm. Breeden; N. M. C. Silva; Washington territory, T. T. Minor; Wyoming, M. C. Brown.

Notes.

Rumor says that a canvass of the credentials committee shows that they stand two-thirds for admitting most of the anti-Grant contestants from Illinois.

Garfield's name when presented by the Ohio delegation was received with applause.

The only special significance of the Conkling-Frye colloquy was the enthusiastic applause which greeted Frye from both galleries and floor.

The Feeling at Washington.

The interest felt among republicans at the capital in the proceedings at Chicago is very intense to-day. Senators, Congressmen and others left the new York delegates at their meeting yesterday and his announcement that he will cast his vote of New York as a unit caused much comment. The agreement yesterday between the friends and opponents of Grant relative to the temporary organization of the convention is not regarded as according to the latter, but simply as a truce. There will probably break out afresh and with increased fury when the instructed delegations from Pennsylvania and Illinois come to the front. Pennsylvania and Illinois cast their votes. Blaine men here regard with some suspicion the selection by Grant men of Senator Hoar for temporary chairman of the convention, for Hoar is not friendly to Blaine. But on the whole they profess to be in excellent spirits with the outlook for to-morrow, and predict Blaine's nomination on the third or fourth ballot.

The Situation at 11 P. M.—The Grant Caucus.

CHICAGO, June 2.—At eleven o'clock to-night the situation is as follows: The committee on credentials is still in session, and promises to hold an all night session. They have thus far rendered but one case, which was that of Rapier (anti-Grant) from the fourth Alabama district. It was decided by a vote of 31 to 12 to report in favor of admitting Rapier. This was the only case so far decided. Several others, except that upon which Conger was made chairman, being 29 to 14. The committee briefly considered the cases of Smith and Warner, of Alabama (contested), but they decided to pass for the time. The Illinois case was taken up. Kirkham presenting this case will probably occupy the greater part of the session. The committee on permanent organization by a practically solid vote decided to continue the temporary officers as permanent. There was a general agreement that Judge Hoar will be the most satisfactory in last position to all parties.

There was a long meeting to-night of the Grant delegates and some other delegates, in all about 307. No definite information is received from them but the general impression is that they decided for Grant, and that the speeches were in favor of a strong support of that candidate. The Grant men to-night claim over 300 on the first ballot. It is believed that he will fall below 290. This estimate is based on the belief that most of the anti-Grant contestants will be admitted, and it is certain the committee on credentials will report in favor of the admission of the Illinois delegation. From conversations with members of that committee it is quite evident that the purpose is to take such action. This alone would give Grant over 300 on the first ballot. Edmunds' strength is growing slowly and his friends claim 60 to begin the 351 ballot for him.

It is reported, on good authority, that Chairman Cessna, of the Pennsylvania delegation, visited the Indiana headquarters, and not on his own responsibility but claiming to represent the most of his delegation, offered to turn the vote of Pennsylvania over in support of a ticket composed of Edmunds and Harrison. The

THE CONGRESSMAN.

To the contrary of what is said in the democratic organs in Eastern Oregon concerning the canvass being made in that section by Mr. George, we learn from reliable sources that he has been more favorably received than any other republican candidate who has visited that part of the state before. At every point where he has spoken, he has had large and attentive audiences and made many friends among those who supported Mr. Whiteaker two years ago. The republicans east of the mountains are united, earnest and enthusiastic. They claim that their opponents cannot come to the valley with over 700 or 800 majority at the utmost.

Some democratic papers have charged that Mr. George has stated that Mr. Whiteaker had never introduced a bill in the Oregon legislature during all the years he was a member of that body. George has never stated anything of the kind. What he has said, and it was called out by the assertion that Whiteaker is such an efficient worker, was that there is no law on the statutes of Oregon which was drawn or introduced by Mr. Whiteaker in any of the sessions of the legislature of which he was a member. Neither can any such law be found. The *Standard* very unwisely pointed out the fact that in Gov. Whiteaker's long career as a legislator he had introduced one bill which never saw daylight after it left the house in which it originated. While the above is true of Mr. Whiteaker's career as a legislator, the reader by turning to the journals of the session of 1878 of the 43 acts of the nature of general laws passed, five were introduced by Mr. George, four others were drawn by him and he made and secured the adoption of important amendments to three others. Furthermore, three others still, of the general laws passed were introduced by Mr. George in the the previous session. Of the measures introduced by him two more still, passed both houses but failed to be enrolled by the clerks in time to be signed by the presiding officers. Several other bills introduced by Mr. George passed the senate almost unanimously, and failed only for want of time in the house. This record, the truth of which can be demonstrated by reference to the senate journals, shows that Mr. George was peculiarly active and efficient as a member of the state senate, and he is likely to be quite as active as a congressman as he has shown himself to be as a state law maker. Besides every measure which he succeeded in carrying through was in the interest of the people, and all have stood the test of public opinion and the scrutiny of the courts. He has never been even suspicioned or charged by his political opponents of being connected with any partisan jobbery or scheme, but all who know him account him as a sound thinker, a good logician, a conservative but thorough republican, and above all an honest man, politically and morally. The state will be honored by him as representative in congress.

We have not, in the course of this campaign, so far, resorted to personal abuse of the candidates on the opposition ticket, but have used only such points as are entirely legitimate in the contest, in hopes that the organ of the democracy might refrain from the course it has heretofore pursued of endeavoring to belittle the merits, socially and morally, of the men whom it opposes. But like the average democratic organ it has got down to scurrility and falsehood in place of argument, and yesterday makes assertions concerning some of the candidates which the editor knew, when he penned them, were untrue. Were we disposed we could with more foundation in truth lay charges against some of the democratic nominees that would be quite as damaging as any which have been made against the republican candidates. The *Standard* knows very well that there is no such organization as Native Americans in Oregon, nor can it produce an iota of evidence to prove the existence of such organization in the state. It should remember that men who read, sometimes think, and men who think will examine into the correctness of what they read. Having their attention called to the subject they will go upon their inquiry and finding that in this charge an untrue assertion has been made, they will at once classify the journal which says a man belongs to an organization when no such organization exists, as one of those persons who is wholly unreliable in other matters.

A North Carolina paper relates a story which may serve to explain the result of the Whitaker case at West Point. Gen. Poindexter, who was for many years solicitor general of that state, was once engaged in prosecuting a man accused of biting off another's ear. When the defense had gone over the ground and shown, by an able witness, that the fight took place in an old house; that the planks in the floor were laid down loose, with cracks between them, and that while the scuffling was going on the man's ear might have slipped into one of the cracks of the floor and been cut off by the motion of the planks, Gen. Poindexter took the talented witness in hand, and in less than three minutes he testified that the man might have bitten his own ear off. The average West Point student, in the Whitaker case, would evidently have sworn that Whittaker was capable of biting off his own head.

Pursuant to the Nordin Jeffery tactics, a number of tickets were printed in this city yesterday and sent into the county precincts in this county with the name of E. G. Jeffery substituted for that of Jos. Simon, the tickets being otherwise straight republican. This is the method by which some of the democratic candidates hope to sneak into office, but they may take notice now that such games will be effectually blocked. A similar trick lost a democratic candidate a considerable number of votes four years ago, but republicans read their tickets. They will see that the name of every republican candidate is on their ticket.

Up to a late hour this morning there were no developments at Chicago to enable the best of latter-day prophets to predict with any great degree of confidence the result of the national convention. The most reliable reports, however, indicate that what day's work is before the convention to-day, with but slight probabilities of the success of the Grant managers.

The *Standard* makes little headway in trying to stir up disaffection in the republican ranks. Such men as Gov. Thompson have too much good sense to be moved from their republicanism by the false assertions of the *Standard* concerning the ticket.

THE PIUTES AT YAKIMA.

YAKIMA INDIAN AGENCY,
FORT SIMCOE, May 28, 1880.

TO THE EDITOR OF THE OREGONIAN:

In your weekly issue of the 24th inst. you quote from the Yakima *Record* as follows: "We learn on good authority that of the five hundred Piutes who, a year and a half ago came to Fort Simcoe, scarce two hundred, all told, now remain. Death or civilization has decimated their ranks fearfully."

Could the editor of the *Record* be present at one of our weekly issues of rations to the Piutes he would acknowledge that his author ity was not "good" and that "death or civilization" were not as sanguinary as represented.

At the regular muster of the Piutes in October last, there were present by actual count 446 and the whereabouts of 83 more, who were canoeing at the steam mill and other places, was definitely known. It is the opinion of the agency physician that the Piutes at this agency now number more than when they were brought here, or in other words that the number of births will more than offset the loss by death. Certainly there has been no diminution of their numbers, or if so, it is very slight. Respectfully, F.

The Dayton woolen mills have passed into new hands, P. G. Frary, a gentleman of large experience in the business, being sole manager. It is thought that the mills now will pay.

The Daily Oregonian.

THURSDAY MORNING, JUNE 3, 1880

SEND IN THE RETURNS.

Agents of THE OREGONIAN, postmasters and precinct judges, are requested to send us full election returns at earliest convenience.

WEATHER PROBABILITIES.

WASHINGTON, June 3.—12:30 A. M.—For Pacific coast, clear or partly cloudy weather.

CITY.

TWO CHINESE GIRLS COMMIT SUICIDE.—Yesterday morning, about six o'clock, two Chinese girls, Chin Yeow and Chin Cum, employed as servants in the family of Kwong Tai, a rich merchant on Front street, between Yamhill and Taylor, were found dead in a room above the store. Near their bodies was a quantity of opium "oysters," the residuum of the drug after it has been smoked in a pipe. It is believed that the girls mixed this deadly poison with water and drank it. No cause can be assigned for the suicides. They retired about 11 o'clock Tuesday night, apparently in the best of spirits, and their self-destruction was not discovered until Kwong Tai undertook to call them to their daily work. The coroner was notified of the sad event, and impaneled a jury, who returned verdicts of suicide by opium poison. The girls were about fifteen years old.

LITTLE DOT'S BENEFIT.—Seppach's hall in East Portland, was crowded with a delighted audience last night, the occasion being the benefit of little Dot Berry, whose bright, childish acting has pleased so many theater goers on this side. The rendition of Pinafore by the Juneville company was decidedly the best performance they ever gave. Little Dot was several times heartily encored, and twice called before the curtain. Maggie Berry's recitation, "Battle of Waterloo," and Lois O'Connor's, "Little Hal," were given in splendid style and deservedly encored. The entertainment taken as a whole, was one of the most enjoyable ever given on the east side.

ARRESTS FOR MAY.—Following is the list of arrests made by the police for the month just past: Abusive language 6, adultery 1, assault and battery 12, assault with dangerous weapon 2, disorderly conduct 3, disorderly by fighting 21, drunk and disorderly 131, driving or sidewalk 1, erecting wooden buildings in fire limits 2, fast driving 5, insane 1, keeping seedy house 2, larceny 8, selling liquor to minors 3, soliciting for hotel without license 1, soliciting prostitution 1, vagrants 2, violating swill ordinance 2; total, 199.

ATTEMPTED ESCAPE.—Geo. Moody, the thief who robbed Woodward & Connell's window a few months ago and was sentenced to five years' imprisonment for the crime, attempted last week to make his escape from the penitentiary. He concealed himself in a pile of old lumber and shavings, but was missed by the warden. He was discovered and ironed and placed in a dark cell.

THE FAIRY GROTTO.—The box office opened yesterday morning and the take is among the largest of the season. Some misapprehension exists as to Saturday's performance. The performance on Saturday will be a matinee at 2 P. M., and reserved seats for the same are now being rapidly disposed of. Reservation indicates a perfect performance.

THREATENING TO KILL.—A young man named Halgan, formerly a coach driver, was taken before Justice Davis yesterday morning charged with threatening to kill Mrs. Reynolds. He was bound over in the sum of $200 to await the action of the grand jury.

AT ASTORIA.—The steamer *Alex Duncan* arrived at Astoria yesterday. She brings 40 tons coal for Astoria, and 100 tons for the steamship *State of California*; also 1000 barrels lime for C. & M. and D. W. & G. of this city. She will sail again for the north on the 8th inst.

LEG BROKEN.—Clara, a seven-year old daughter of A. J. Hobbie, who resides near the asylum, in East Portland, while playing on a bridge a day or two since fell through, breaking her right leg between the knee and thigh.

CHARGED WITH ARSON.—Lin Him, a China man, was taken from here yesterday afternoon to Dallas, Polk county, charged with laying out fire to his wash house at that place. His trial will take place this month.

TO CAMBRIA.—All carsmen who desire to participate in the one mile race at the Emmet Guard picnic will please send in names to the committee. Names to be sent to J. J. Noonan, corner of First and Oak streets.

STAGE OF WATER.—The Willamette river is still slowly rising here. The water is now about 19 feet above extreme low water mark.

BE SURE YOU GET THE GENUINE Murray & Lanman's Florida Water. There are counterfeits, but if you will hold a leaf of the pamphlet, which is around each bottle, up to the light, you will see in faint letters, water marked in the paper the words "Lanman & Kemp, New York," and where you cannot find this, you may be sure the article is not genuine.

THE AMERICAN PEOPLE.

No people in the world suffer as much with Dyspepsia as Americans. Although years of experience in medicine had failed to accomplish a cure, and about no remedy for this disease and its effects, such as Sour Stomach, Heart burn, Water brash, Sick Headache, Costiveness, Palpitation of the Heart, Liver Complaint, coming up of the food, low spirits, general debility, etc., yet since the introduction of GREEN'S AUGUST FLOWER we believe there is no case of Dyspepsia that cannot be immediately relieved. 50,000 dozen sold last year without one case of failure reported. Go to your Druggist and get a Sample Bottle for 10 cents and try it. Two doses will relieve you. Regular size 75 cents.

THE WANGER MURDER.

Trial in Progress—Examination of Witnesses

[SPECIAL CORRESPONDENCE TO THE OREGONIAN.]

HILLSBORO June 1, 1880.

Court commenced this morning at 9 o'clock and panel completed.

DR. F. A. BAILEY.

Was the first witness sworn. He testified: Am a physician; practiced 25 years in Washington county; knew Jacob Swanger. Was at Swanger's house soon after he was killed; found door locked; found him on the floor. His head beaten considerable; examined body; head beaten up; skull fractured. Brains scattered on the ground; had been dragged on the ground into the house; wounds looked as though they had been inflicted with a heavy or blunt instrument; may have been an ax, but saw nothing of that kind; required great violence to inflict such wounds; his door was locked with a padlock on outside; greatest amount of injury was on the right side of the head; the right side of his head was partially beaten in; was blood stains on the gun shown the witness; exam ned the stains on the gun under the microscope, evidently blood stains.

Cross Examined—Power of microscope 4000 areas; could not tell for certain that it was human blood; made examination of gun a week or ten days after the killing; ground covered with snow.

DEJANO

Was called and testified: Killen and I went over to Swanger's house; saw tracks near the house made by a flap boot; saw Swanger day before; big door locked with padlock on outside; could not see in house very well; blood scattered around and what afterward proved to be brains; looked through cat hole and saw a hand; went to Hillsboro for officers; they came next day after the big blow; about Jan. 8th; I gun shown to me by Killen knew the gun, it is Swanger's; have known the gun 15 years; last time before this saw this gun was at Mr. Deitz's; Swanger was lying on the floor and one side of his head was all beaten in.

What do you know if anything about Swanger's having money at or near the time of his death?

Objection overruled.

Answer—He came to my house a few days before he was killed and wanted me to write a letter about his taxes; he had 40 or 50 dollars gold, some small, in a purse.

Cross Examined—Last time I saw Swanger alive was Jan. 4, 1880. Killen came to my house just before it snowed; two sets of tracks, one small, the other large, one was made by Killen when he went to Swanger's; saw no track but the small one at the door; no step in front of the door saw no foot prints in path where Swanger had been dragged; box in snow near by, has Swanger that I saw near it; could not see a man 40 or 50 yards on account of small brush trees; Swanger's place is 2½ or 3 miles from Deitz'; sum of Swanger's was taken about 3 weeks before Jan. 1st; Swanger had $40 in gold and some small change in silver. (Boots shown to witness.) Compare very favorably with tracks at Swanger's; could not tell.

JOHN BROCK

Was called and testified: Live six miles from Hillsboro and ¼ mile from Swanger's; Swanger was 70 or 80 years old; health bad and he was very weak; went to Swanger's with Delano and Killen; saw his head through cat hole; found door open as far as could and saw his hand.

C. DEITZ.

On being called, testified: I live ten or eleven miles from Hillsboro, in the edge of Multnomah county. Henry, the defendant, slept at the house where they arrested the party; walked home on the day before the big storm; defendant went away about 9 o'clock A. M. and came back between 1 and 2 o'clock; had dinner about 2:30 o'clock; he had on rubber boots of his own that did not leak. [Boots shown to court and offered in evidence without objection.] Defendant was very restless that night; he walked to Portland next day, and came back on Monday following; defendant might have had $2 or $3 before the day of the wind storm; the shoes of defendant had large headed tacks in the soles.

Cross-Examined—Saw him through the window when he came home; don't know for certain whether Mrs. Deitz was; defendant wore these boots sometimes; defendant said he had business in Portland.

MRS C. DEITZ

Testified: Am fifteen years old; live six miles with father; Jan. 5, 1880, Mrs. Dicks was at our house; defendant went away about 9, and returned about 2 o'clock; defendant was playing on the fiddle after he came home.

Cross-Examined—Have not talked with any one about the time defendant went away or came home; I was sitting by the stove, and my her was getting dinner; don't know whether father was standing by the window or not; Miss Brooks went away about 3:30 P. M.

SUSIE DEITZ

Testified: Know Harry Winzingerode. I saw Harry have money, a gold $20 piece in his hand after dark at Deitz's house; any twelve years old.

Cross-Examined—One piece of gold, $20, and some silver; he took it out of his purse in his hand. [Purse shown to witness.] Was a purse of that kind.

ROSIE WEBER.

Testified: Am eleven years old; know Harry, the boy in court; live in Portland; Belle is my grandfather; saw Harry have $32 20 in Portland I counted it; my sister was with me; this was at our house.

N. B. MEAD

Testified: I know defendant, or saw him about Jan. 8th; was at Swanger's house soon after; swanger's door was locked with a padlock; broke in open and found Swanger with his head smashed in; we carried him out to the Baptist Church; was at inquest held at Deitz's. Helo arrested him and we started for town; deputy sheriff told defendant that he arrested him; I told him that we had evidence sufficient to convict him and the best thing he could do was to tell the whole thing; this was after the guns had been found; I made a search; found a purse and some money, amounts and some wrapped up in number; found the articles at Deitz's house; money under the carpet, amount $42 20; defendant told me the property and money was; where I found them; defendant told me I would find them where I did find them.

D. S. CAMERON.

Have been in her for three months past; had a conversation with Harry, the defendant; asked him how it was; defendant said he went to Swanger's and wanted to borrow some money; he would not let him have it; the old man climbed the gun and defendant offered to sell the gun to Swanger; he (Swanger) got mad, and went after him, and the old man had an ax in his hand; defendant shot him on the right side of the head, and then beat him with an axe and then some money came out of his pocket and he picked it up, and concluded he might as well have it.

T. W. FITZGERALD

was called and testified that the defendant stated to him that he had been told or advised not to make a confession or talk about the case.

MISS MALINDA BROOKS TESTIFIED.

I know Harry Winzingrode; I was at Deitz's on the day of the big snow; defendant was not there; Mr. Deitz was there all the time; defendant came back at 1½ o'clock P. M.; changed his shoes; this was the day before the big wind storm, in last January.

Cross examined.—I went away about 4 o'clock; some time said it was 1½ o'clock when he came back; Deitzs usually have dinner about noon; on account of the snow it was later; went there about 11 o'clock; I live ¼ mile from Deitz; it was 4:40 o'clock when I got home.

MRS. A. DEITZ RECALLED,

I am the wife of C. Deitz; live in mountainside of Multnomah county; defendant has lived at our home about 2½ years; he step in our farm on the day before the storm; defendant ate his breakfast and went away about 9 o'clock; he came back between 1 and 2 o'clock; he had a pair of boots in his hands; they were wet; he put them in an old barrel and went into the bed room and changed his clothes; did not sleep in the barn that night, but in the house; he went to Portland Friday morning, and came back the next Monday; he asked me when they found Jacob Swanger; I told him Thursday; I knew him that night distinctly that he was gone only 15 minutes; "Well," he said "I could say he was only just long;" he said, pronounced to this Swanger was afraid of him; I saw him have a purse before he went to Portland, and heard coin rattle the money.

Cross Examined: We took breakfast at 9, dinner at 2½; defendant's good work between 1 and 2 o'clock; he had worn the boots before; that night he slept at the house; it was the first time he had slept there; boots washed clean; his clothes looked as if they were wet.

LATER.

A gentleman who arrived here last evening from Hillsboro states to us that the testimony was all in when he left there (yesterday afternoon) and the attorneys were engaged in making the argument. The argument was concluded last evening, and the case probably submitted to the jury. Several physicians were called during the progress of the trial who testified to the sanity of the defendant. The general impression prevailed that a verdict of murder in the second degree would be returned.

A MISSTATEMENT CORRECTED.

TO THE EDITOR OF THE OREGONIAN.

In the *Evening Telegram* of to-day's issue I am represented, in some remarks made by me, as "alluding to the record of Gen. Lane in the United States senate, where he advocated secession." Will you allow me space in your columns to say, that in my remarks I made no allusion whatever to Gen. Lane's position upon the question of secession. Referring to the address to the democrats of Oregon, recently published, I did refer to Gen. Lane, one of its authors, as the friend of Jefferson Davis, who, in his somewhat famous speech of March 2, 1861, used this language: "Jefferson Davis a traitor! Treason a capital crime! he, the purest and best of patriots!" But I made no other reference whatever to Gen. Lane or his record.

Respectfully, C. A. DOLPH.

DR. C. McLANE'S

CELEBRATED

LIVER PILLS,

FOR THE CURE OF

Hepatitis, or Liver Complaint,

DYSPEPSIA AND SICK HEADACHE.

Symptoms of a Diseased Liver.

PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax, the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend he disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER.

DR. C. MCLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

For all bilious derangements, and as a simple purgative, they are unequaled.

BEWARE OF IMITATIONS.

The genuine are never sugar coated. Every box has a red wax seal on the lid, with the impression DR. MCLANE'S LIVER PILLS.

The genuine McLANE'S LIVER PILLS bear the signatures of C. MCLANE and FLEMING BROS. on the wrappers.

Insist upon having the genuine DR. C. MCLANE'S LIVER PILLS, prepared by Fleming Bros., of Pittsburgh, Pa., the market being full of imitations of the name *McLane*, spelled differently but same pronunciation.
